One day a week

- Theatre/Music
- Communication and Life Skills

Lunch will be 45 minutes to an hour each day with the first 20 minutes set up for eating and socializing. After the first 20 minutes, games will be put out for the students to play and socialize together.

Communication and Life Skills will vary throughout the year with different topics, occasional speakers, and activities to cover a variety of communication and life skills.

We will have a theme each month that the teachers base activities on as well as at least one field trip scheduled each month on non school days. Parents are required to attend field trips, it will just be put together by the director.
